## President's Message

Happy August!

We started our new administrative year last month, on July 1. Our administrative team went into action, and has already made many accomplishments. Accolades go to the energetic, hard working LMMAR Executive Board. With this team spirited action team, I warn our members not to blink, because you might miss something. We are accelerating forward! To start the LMMAR year, Planning is the first order of business. The process of completing the yearly Budget Plan, and Calendar of Events normally

## LMMAR MEMBERSHIP DUES

Membership dues for fiscal year 2007-2008 should now be paid. If you wish to maintain your membership please send in your check payable to LMMAR for \$15 (or multiples thereof for additional years) in the pre-addressed envelope provided in the July Newsletter. Please complete this request & include it with your check. Use address below.

We sent a form for membership dues in the July Newsletter. Some of you have also entered on the form any address changes in the past year. Thank you. If you don't want to renew your membership check box on that form and I won't hassle you any more. Please put your name on the form. Last year I received a form from someone in the San Diego ZIP code area, three times, but no name, and no return name on envelope.

I am sensitive to the unfortunate circumstance that some of our members have died. In such cases we continue to mail the Monthly Newsletter for the remainder of the fiscal year. If the addressee has died, please make note of the circumstance on this form and return it. In such cases the surviving spouse may maintain membership by continuing to pay annual dues.

How can you tell if you owe dues you ask? Look on the mailing label of the Newsletter. You will see an item above your name to the far right. E.g. P06/07 means "Paid for July 06 to June 07 and now due. If you have paid for more than one year, you might see P09/10, which is paid through June 2010.

We already have over 343 that have renewed.

We have received several "Thank You" notes for the board and myself. We appreciate that.

Norman Dhom  
MMAR Membership Chairman

LMMAR  
P.O. Box 3847  
Los Altos, CA 94024

takes two to three months minimum. Our Budget Plan, and Calendar of Events for the year have

been completed and approved. Improvements for the Newsletter format are being developed. We are

working on a LMMAR Logo and Banner, creating our brand name. Membership

*(Continued on page 2)*

is developing a greater recognition process to meet new retirees. Our big event, the December Holiday Luncheon planning is close to being complete. We have made progress in having a closer working relationship with the Bay Area Lockheed Martin Leadership Association, Star One Credit Union, and Lockheed Martin. We are just getting started. I have just one word, **WOW!** Now is a great time to be on our Leadership Team. We are in need of members to fill key positions. We need help in all areas of LMMAR. A big benefit of joining any organization is having fun, and meeting people. I encourage all members to participate, volunteer your help, have fun, and meet great people. Together, we plan to create an exciting, forward moving LMMAR, looking towards a wonderful retiree future! Please contact me or members of the Executive Board as soon as possible. We need your help! ...and remember, don't blink.

Ken Koga  
President

10/10/07 6 pm – 8 pm, San Jose – **Volunteer Opportunity at Second Harvest**, contact [ps.voshall@lmco.com](mailto:ps.voshall@lmco.com) to participate.

#### MEMBER LETTERS

Dear LMMAR members,

I can't believe my name was picked for the June 2007 monthly \$50 check. It will be donated to my favorite charity in Sun Lakes, Arizona called "Neighbors Who Care."

I've been an LMMAR member for 15 years and have never attended a single meeting. We left the area and moved to Arizona soon after I retired in August of 1992. Even so, we really enjoy reading about all the activities of the organization and of the people who belong. We visit the area once or twice a year because our son still works for Lockheed in Sunnyvale and some day we hope to participate in one of the many activities you sponsor. Some of your trips sound really great!

Thanks so much,  
Larry & Janet Chidester

Dear LMMAR family,

What a nice surprise to see my name in the newsletter and to receive the \$50 check. After retiring in 1999, I volunteered for the Blood centers of the Pacific at Lockheed bldg.163, and the Second Harvest food Bank of Santa Clara County. Your gift will pay for my LMMAR dues and the LMMAR BBQ and gas. You really made my day.

Thank you very much,  
Mary O. Rodriguez

LMMAR:

Needless to say, as a new member, I was totally surprised to receive a check for \$50.00. I have donated \$25.00 to the Shriners Hospitals and \$25.00 to the National Cancer Research Foundation.

Am looking forward to being an active member of LMMAR and renewing old friendships.

Sincerely,  
Paul "PK" Kornegay

**Star One Credit Union Supports Seniors and Retirees**

Star One Credit Union works hard to support the varied needs of LMMAR, and of our diverse membership. In addition to financial products and ser-

*(Continued on page 4)*

vices, Star One also provides a wide range of online resources through our website at [www.starone.org](http://www.starone.org). From basic web lessons provided by AARP and simple discussions about how the internet works to tutorials on how to use the Search functions on the Web. Members can follow these links from our website. Star One also has a "Planning Ahead" website section that deals with many issues related to seniors and retirees. We also have an online "IRA Service Center" where members can open and service IRA's, and an online "Financial Road of Life" section for life planning. In addition, there is a section on "Identity Theft and Protection" providing easy to follow tips on how to protect you and your family, and an "Awareness and Info." section providing practical information on topics that are important to developing and maintaining your financial well being and peace of mind. Check out [www.starone.org](http://www.starone.org) and click on the "Tools" tab for great consumer information. Or call us at 408-543-5202 or toll free at 866-543-5202.

**LOCKHEED MARTIN-BUILT MILSTAR SATELLITE CONSTELLATION**

**REPOSITIONED TO ENHANCE GLOBAL COVERAGE**

SUNNYVALE, Calif., July 16, 2007 – A combined U.S. Air Force/ Lockheed Martin [NYSE:LMT] team has successfully completed an on-orbit reconfiguration of the five-satellite Milstar constellation to maximize the system's capabilities to provide secure, reliable and robust communications to U.S. and Allied Forces around the globe.

Orbiting the earth at over 22,000 miles in space, the Milstar constellation – which has now surpassed 40 years of combined successful operations – provides a protected, global communication network for the joint forces of the U.S. military and can transmit voice, data, and imagery, in addition to offering video teleconferencing capabilities.

The Milstar system is the only survivable, endurable means that the President, the Secretary of Defense and the Commander, U.S. Strategic Command have to maintain positive command and control of this nation's strategic forces.

This reconfiguration, which entailed repositioning the satellites relative to one another to maximize and improve the constellation's earth coverage visibility, was successfully executed during a seven-month period by a team of engineers from Lockheed Martin Space Systems, Sunnyvale, Calif., the Milstar prime contractor, working with the 4th Space Operations Squadron at Schriever AFB, Colo.,

the Air Force's team which flies and maintains the Milstar constellation.

This proven ability to realign the operational location of the entire spacecraft constellation with no unplanned service disruptions to military forces deployed around the globe will be vital to bringing the follow-on Advanced Extremely High Frequency (AEHF) satellites into the nation's survivable, secure MILSATCOM architecture.

"We are proud of the capability we have demonstrated to increase the effectiveness of this critical system to our customer, said Leonard F. Kwiatkowski, Lockheed Martin's vice president and general manager of Military Space Programs. "Designed, built and operated by a talented and dedicated group of people, Milstar continues to deliver critical secure, real-time, connectivity to the warfighter and we look forward to achieving mission success as we prepare to launch the first AEHF satellite next year."
